

# Champagnat Award

## Excellence

If you are strongly committed to Sport, Music or Academic achievement at the highest level, you will be aware that extraordinarily talented boys can make a significant difference to driving aspirations of excellence.

Your contribution will ensure that families with high work ethics can prioritise a world-class education for their sons at St Charles College, and that the College, in turn, can lead the way in the highly competitive Independent Boys' Education landscape in Africa.

The Champagnat Award may be presented to boys who demonstrate, from a young age, the work ethic, talent and values required to consistently achieve excellence in at least one of the following areas:

### Sport

The award is intended to secure talented sportsmen who demonstrate the commitment and drive to excel in a specific area of the College in Sport. Applicants will be expected to consistently demonstrate their composure under pressure and to make a contribution through effort and skill to the success of the College's top sports teams.

### Music

Boys who demonstrate performance excellence in Music through a mix of talent, hard work, and achievement in formal music examinations (minimum Grade 4) may be considered for this award. The College recognises those boys who will excel and commit to building the musical legacy of the College.

### Academics

Boys who achieve excellent results in the formal Academic Scholarship examinations may be considered for this award. The College seeks to recognise the ability and achievement of those boys who excel in both English and Mathematics and who will help to drive academic excellence at the College.
